

## Welcome to Wettingen Library

General information about the use of the library

---

The library is open to everyone.

Staff are available at the information desk during staffed opening hours to answer any questions or concerns.

Anyone wishing to borrow books, DVDs or other media requires a valid library card.

The lending period is 4 weeks. DVDs can be borrowed for 2 weeks. An extension is possible.

The library charges a reminder fee for each overdue date. After the 2nd reminder, the user account will be blocked until the fees are paid.

Anyone wishing to return items outside opening hours can put them in the return box. They will be charged back from the user account on the next working day.

## Your child visits the library with the kindergarten

---

Your child will receive a personal library card when visiting the library. This card is also valid when your child starts school.

If your child visits the library with the kindergarten, we will adjust the lending periods to the visits. It is not possible to prolong the loan period when borrowing items for kindergarten visits.

Should a lending period nevertheless be exceeded, the library will not charge any reminder fees for items borrowed during kindergarten visits.

If your child borrows media outside of the kindergarten visits, the library's user regulations apply.
